Health care card: $1:50
Or without $5 for 3 hours care

Hello everyone,

Congratulations Jarah, Gray Gray, Jakylah and Trey on the arrival of new big baby boy to their family.

Newsletters and other information will be put in our new pockets. Please check pockets daily. If your child arrives on a bus we will put notes in preschool bags. Check out the new website ngurayadurirncfc.sa.edu.au we will get more information on here as we go.

We have a wonderful bush medicine project beginning, please text Susie on 0408859542 if you are interested in getting your hands dirty in this project. We are taking some families out to collect bush medicine plants Friday 31st this week, If you would like to come please call Sam or Susie.

Dress up day for National Aboriginal and Torres Strait Islander Children’s Day Tuesday 4th August at preschool and playgroup.

Family night will be on Wednesday 12th August. Come for a play and a sausage sizzle. The children will sing a song before we go home.

Governing Council will be Wednesday August the 5th at 5:30 in meeting room.

Preschool photos will be on Wednesday and Thursday 2nd and 3rd of September. Notes will come home for payment prior to this.

There is a student free day on Tuesday 11th August as our staff will be attending training on the new Literacy and Numeracy indicators. I have attached the new tools and we will give you some additional details after we have attended the training. Please ask if you have any questions.

Please remember we are a nut aware site which means NO nuts including NUTELLA, bars containing nuts, packets of nuts or anything with NUTS in the ingredients. Please send only healthy options for your children. Also please NAME everything that comes to preschool, crèche, occasional care or other groups, we have lots of drink bottles, lunch boxes, clothes etc left with no names.

We have 2 TAFE students with us this term. Amanda Holochek will be with us on Wednesdays and Michelle Duragon will be here on Thursdays. Ross McTaggart will be doing some relief teaching for us on Thursdays.

Now our chickens have hatched which was super exciting and while they grow we would love some volunteers to erect a chook house and yard if we have some parents or family with these talents and time please see Susie. It is a simple (for someone who knows building stuff) put together design and we can negotiate what materials we need to buy with volunteers.

Please feel free to drop in or make a time to chat with me about any concerns regarding the Centre, preschool or parenting. Chat soon Susie and Team
Creepers & Crawlers

Playgroup
for pre-walkers and their parents

A safe space for young ones to explore, play, socialise and learn

Crèche provided
Let us know if you need a ride
Call Sam or Susie if you'd like more information

LEARNING EXPERIENCES PRESCHOOL
RECYCLING

Our focus this term is going to be about "sustainability" and will include things such as re planting our vegetable garden, planning and being part of the construction of our "chook house" and more.

To begin this journey we want to focus on recycling.

- What is recycling
- How can we recycle at preschool
- Rubbish Safety
- Different types of waste disposal: rubbish, recycling, compost, worms, chooks etc

Children are connected with and contribute to their world.

Children become socially responsible and show respect for the environment

(EYLF outcome 2)

The service take an active role in caring for its environment and contributes to a sustainable future.

(NQS 3)

As always we would love your feedback and support, so if your child talks about something at home let us know, if they have questions let us know, if you have ideas or suggestions that can support us let us know.

Feel free to add a post it note here, or just have a chat to us.

Cuppa and a chat
in the Garden

Friday mornings 9-10:30am

Come along for an informal time to meet with others in our outside space.

Playing Together
Every Tuesday 9am—10:30am
Come for a play, snack and songs
The indicators of preschool numeracy and literacy describe how a child sees, interacts with, and explores their world while respecting the literacy and numeracy indicators please do not hesitate to discuss them with Suze.

We will report children's learning based on these indicators. For example a literacy indicator is: "I understand the language of my world. Children actively inquire to make meaning." This can be demonstrated during play, asking questions, using language to describe what is happening, asking questions, hypothesizing and inquiring during the experience.
Being numerate

Everyday learning for numeracy and literacy
